Sir MA 7/8

SIR,

Subject : Estimate for Rs.4000/- for the formation of roads, providing drains and underground sewer lines to the six model houses at Saraswathipuram, Mysore.

18-53-35.

Adverting to G.O.No.L.12679-82/I.T.B.318-53-35 dated 30-12-53 conveying sanction for the construction of six model houses at Saraswathipuram, I write to state that the above estimate was sanctioned by the Board in its resolution No.107 dated 30-6-54 for Rs.4300/- as scrutinised by the Public Works Department. Out of Rs.4300/- the cost of departmental materials to be used for laying underground drainage work such as manhole frame and cover, 6" and 7" S.W.pipes etc., comes to Rs.740/- and a sum of Rs.75/- towards the temporary establishment charges. Excluding the above two items, the balance works to be executed amount to Rs.3480/- only.

The above six model houses are nearing completion and the works included in the above estimate are necessary for completing the amenities before the houses could be disposed of. Hence these works have been distributed among the four contractors who are constructing the houses, at estimate rates based on schedule rates of 1953-54.

In the above circumstances, I request you kindly to convey approval of Government to the arrangements made by this office in the interest of the speedy completion of the work as reported above. The plan and estimate are also enclosed herewith for kind reference and return. This is a self-supporting scheme and the cost of the works will be met out of the realisations from the sale of the houses.

Yours faithfully,

S. Linganna
